

"It is a great pleasure to host UNCG Elementary Education majors in our school as interns during their sophomore, junior and senior years and then as student teachers. The hands-on experience they gain by spending hundreds of hours in real classrooms will make them highly marketable and ready to begin their careers as teachers."

Cheryl Beeson
Principal of a Partnering Elementary School

IF YOU WANT A CAREER IN WHICH
YOU CAN
LAUGH, INSPIRE, AND BUILD
ON CHILDREN'S NATURAL
CURIOSITY IN SCIENCE, MATH,
SOCIAL STUDIES, AND LITERACY,
THEN STUDYING
ELEMENTARY EDUCATION
AT UNCG
COULD BE FOR YOU

"The School of Education prepared me to incorporate effective strategies for teaching. I learned how to be an excellent educator in diverse settings and this has helped me provide a high quality education for all of my students. I enjoy giving back to my university by serving as a cooperating teacher for the next generation of teacher candidates."

Maggie Wisco
Cooperating Teacher and
UNCG Elementary Education Graduate

"This program is the best combination of training and field experience, and I have learned so much! The professors are willing to teach, guide, and direct in any and every way."

Leanna Donato
Elementary Education Student

"Elementary Education has a vibrant International and Disciplinary Honors Program for undergraduate students who want to challenge themselves."
